

NOW OPEN Later!

If you need child care beyond our regular business hours for work or for any reason we can now be open as late as Midnight!

Do you need to work late some nights, go to school at night or do something special at night?

If interested please call us to schedule your extra child care time at 528-1037.

The price is the same as the standard hourly rate:

Infant-\$4.50 an hr

Wobbler-\$4.00 an hr

Toddler-\$4.00 an hr

PreK and Up-\$4.00 an hr

The economy is tough and many parents need to work more to make ends meet. So as always we will make changes to meet client needs.

Extra hours are based on staff availability, including days the school is closed, so please call with your reservations as soon as possible so that we have time to accommodate you. If you pay a flat monthly fee that is for normal business hours only and for the new extra care you will be charged the hourly rate.

You cannot stop by for care anytime because staff will only be on-site if extra care has been scheduled.
